Summary

Web Developer with hands-on experience in building responsive and user-friendly web applications using React, HTML, CSS, JavaScript, Java, and SQL. Experienced in building responsive and user-friendly web applications with clean interfaces. Passionate about learning modern web technologies and developing real-world projects.

Skills

- **Languages:** Java, JavaScript (ES6+)
- **Frontend:** React.js, Redux, jQuery, HTML5, CSS3, Bootstrap
- **Database:** MySQL
- **Tools & Platforms:** Git, GitHub, VS Code, MySQL Workbench

Experience

MERN Stack Intern — EY Global Delivery Services (EY GDS)

Mar 2025 – Apr 2025

Remote

- Developed full-stack web applications using the MERN stack, improving application responsiveness and scalability.
- Designed and implemented responsive user interfaces, enhancing user experience across multiple devices.
- Built and integrated RESTful APIs to enable efficient data communication between application layers.
- Optimized application performance by debugging issues and improving code efficiency in a collaborative environment.

Projects

LearnSphere: Adaptive Learning Platform (MERN Stack)

- Developed a full-stack web application using React, Node.js, and MongoDB to deliver personalized learning content.
- Designed and implemented RESTful APIs with secure authentication and role-based access for students and admins.
- Built dynamic dashboards with real-time progress tracking, performance analytics, and interactive UI components.
- Integrated an AI-powered chatbot (NLP + RAG) to provide intelligent, context-aware learning assistance.

AutoMart – Used Car Marketplace (React.js)

- Developed a responsive car marketplace web application enabling users to search, filter, and explore second-hand cars with dynamic listings.
- Implemented role-based authentication (Admin/User) with protected routing using React Router and Context API for secure dashboard access.
- Built detailed car view pages with specifications such as fuel type, transmission, and integrated a wishlist feature.

Business Analytics Dashboard (React.js)

- Developed a responsive business analytics dashboard with sidebar navigation, dynamic cards, and modern UI layout.
- Implemented data visualization features including charts and tables for effective data representation.
- Built reusable and scalable React components for integration into real-world applications.

Certifications

- AICTE EYGDS Internship Certificate – Completed MERN Stack training with practical web development projects
- Full Stack Web Development Certification
- NPTEL Certification – Big Data Computing (IIT Kanpur) – Scored 80%

Education

Bachelor of Engineering in Computer Engineering

Expected 2026

Trinity College of Engineering and Research, Pune

CGPA: 9.35

Higher Secondary Education (HSC)

2021 – 2022

Dadapatil Mahavidyalaya, Karjat, Ahilyanagar

Percentage: 61%

Secondary Education (SSC)

2019 – 2020

Shree Ravishankar Vidyamandir, Karjat, Ahilyanagar

Percentage: 86.80%
