SUMMARY

Java Full Stack Developer with hands-on experience in Core Java, JDBC, Servlets, Spring Boot, React.js, HTML, CSS, Bootstrap, JavaScript, and MySQL. Strong foundation in Object-Oriented Programming (OOP), MVC Architecture, and database management, with experience in developing responsive web applications, writing clean and reusable code, and debugging application issues. B.E. Computer Engineering graduate seeking Java Full Stack Developer and Software Engineer opportunities.

SKILLS

Languages: Java, JavaScript (ES6+)

Backend: Core Java, Object-Oriented Programming (OOP), Servlets, JDBC, Collections Framework, MVC Architecture, Hibernate (ORM), Spring MVC, Spring Boot

Frontend: React.js, Redux, jQuery, HTML5, CSS3, Bootstrap

Database: MySQL

Tools & Platforms: Git, GitHub, VS Code, MySQL Workbench

EXPERIENCE

Full Stack Intern — Envision Computer Training Institute, Pune

Jan 2026 – Jun 2026 | Pune

- Developed and maintained Java-based full-stack applications using Core Java, JDBC, and Servlets, writing clean, reusable, and efficient code.
- Debugged and troubleshoot application issues across backend and frontend layers, improving functionality and reliability.
- Collaborated with trainers and peers on project builds, participating in code reviews and testing cycles.
- Applied Object-Oriented Programming (OOP) principles and MVC architecture in building web-based training projects.

MERN Stack Intern — EY Global Delivery Services (EY GDS)

Mar 2025 – Apr 2025 | Remote

- Developed full-stack web applications using the MERN stack, improving application responsiveness and scalability.
- Designed responsive user interfaces and integrated RESTful APIs for efficient data communication.
- Optimized application performance by debugging issues and improving code efficiency.

PROJECTS

AutoMart – Used Car Marketplace (React.js, Spring Boot, Hibernate, MySQL)

- Developed a full-stack used car marketplace enabling users to browse, search, filter, and explore second-hand vehicles.
- Implemented Admin/User authentication, secure login, protected routes, wishlist, and detailed vehicle information.
- Developed RESTful APIs and an Admin Dashboard for managing vehicles, users, offers, and platform analytics.

HireHub – Job Portal System (Spring Boot, Java Servlets, JDBC, MySQL, HTML, CSS, Bootstrap, JavaScript)

- Developed a full-stack job portal connecting recruiters and job seekers with secure and scalable architecture.
- Implemented Recruiter/Candidate authentication, profile management, job posting, and application tracking.
- Developed RESTful APIs and an Admin Dashboard for managing users, jobs, applications, and recruitment statistics.

Business Analytics Dashboard (React.js, JavaScript, Bootstrap, CSS3)

- Developed a responsive business analytics dashboard with modern UI, sidebar, and interactive data management features.
- Implemented dynamic charts, tables, and KPI cards for visualizing business performance and analytics.
- Built reusable React components and responsive layouts to ensure scalability and seamless user experience.

EDUCATION

- B.E. in Computer Engineering — Trinity College of Engineering and Research, Pune — CGPA: 7.96 | 2022–2026
- Higher Secondary Education (HSC) — Dadapatil Mahavidyalaya, Karjat, Ahilyanagar — 61% | 2021–2022
- Secondary Education (SSC) — Shree Ravishankar Vidyamandir, Karjat, Ahilyanagar — 86.80% | 2019–2020

CERTIFICATIONS

- AICTE EYGDS Internship Certificate — Completed MERN Stack training with practical web development projects
- Full Stack Web Development Certification
- NPTEL Certification — Big Data Computing (IIT Kanpur) — Scored 80%
